LEAVE REQUEST

Employee Step-by-Step Guide

369ai.Biz Employee Attendance App

The screenshot displays the 'Leave Request' screen in the 369ai.Biz app. At the top, there's a header with a back arrow, the title 'Leave Request', and the 369ai.Biz logo. Below the header, a date 'Wednesday, June 17, 2026' and a clock showing '2:49:48 PM' with 'LIVE TIME' underneath are visible. A navigation bar contains 'New Request' (highlighted with a plus icon) and 'My Requests' (with a clock icon). The main form area starts with 'Leave Type *' and offers buttons for 'Sick Leave', 'Casual Leave' (selected), 'Annual Leave', 'Personal Leave', 'Emergency Leave', and 'Other'. Below this is 'From Date *' with a date picker set to 'Jun 17, 2026'. A 'Half Day Leave' option is shown with a checkbox and the note 'Apply for 0.5 day leave'. The 'To Date (optional)' section has a 'Single day leave' dropdown and a highlighted '1 day' button. A 'Reason *' text box prompts the user to 'Enter the reason for your leave...'. At the bottom is a grey 'Submit Request' button with a right-pointing arrow.

A simple guide to applying for leave, choosing your dates, submitting for manager approval, and tracking your requests.

About Leave Request

Leave Request lets you **apply for time off straight from your phone**. You pick a leave type, choose your dates (or mark a half day), and add a reason. Your request goes to your manager for **approval**. HR decides whether the leave is paid or unpaid based on your company's policy, and you can track the status of every request under **My Requests**.

This guide walks you through everything you do, in the order you will do it.

How Leave Requests Work

- Open the app and go to **User Attendance**
- Choose **Leave Request** and verify your identity
- Pick a **Leave Type** (Sick, Casual, Annual, Personal, Emergency, Other)
- Choose your **dates** — a single day, a date range, or a half day
- Add a **reason** and **Submit** for approval
- Track the status under **My Requests** — Pending, Approved or Rejected

PART 1 Opening Leave Request

Step 1 Open the App and go to User Attendance

On your phone, open the Employee Attendance app. From the 369ai.Biz home screen, open **All Options**, scroll down to the **HR & Tracking** section, and tap **User Attendance**.

Step 2 Choose Leave Request

On the **Select Attendance Type** screen, tap **Leave Request** (“Apply for leave with manager approval”).

Step 3 Verify Your Identity

Confirm it is really you. Either tap **Scan Fingerprint** and use your enrolled finger, or type your 4-digit PIN under **Enter PIN** and tap **Verify PIN**.

This screenshot shows the 'Verify Your Identity' screen. At the top, it says 'Leave Request' and '369ai.Biz'. Below that, it shows 'Today Wednesday, June 17, 2026' and a clock showing '2:49:39 PM LIVE TIME'. The main section has a fingerprint icon with the text 'Scan Fingerprint Tap to verify your identity'. Below this is an 'OR' separator and an 'Enter PIN' section with a text input field 'Enter your PIN' and a 'Verify PIN' button. At the bottom, it shows 'Device ID: bb29f3bcb82ee3f3'.

This screenshot shows the 'New Request' screen. At the top, it says 'Leave Request' and '369ai.Biz'. Below that, it shows 'Today Wednesday, June 17, 2026' and a clock showing '2:49:42 PM LIVE TIME'. The main section has a 'New Request' button and a 'My Requests' button. Below these are 'Leave Type' options: Sick Leave, Casual Leave (selected), Annual Leave, Personal Leave, Emergency Leave, and Other. The 'From Date' is set to 'Jun 17, 2026'. There is a 'Half Day Leave' option with a checkbox and the text 'Apply for 0.5 day leave'. The 'To Date (optional)' is set to 'Single day leave'. The 'Reason' field is labeled 'Enter the reason' and has a dropdown menu showing 'Welcome, Sri!'. At the bottom, there is a '1 day' button.

PART 2 Filling in Your Request

Step 4 Choose your Leave Type

You will land on the **New Request** tab of the Leave Request form. At the top, pick your **Leave Type** by tapping one of the chips — Sick, Casual, Annual, Personal, Emergency, or Other. The selected type is highlighted.

The screenshot displays the 'Leave Request' form on a mobile device. At the top, the header shows a back arrow, the title 'Leave Request', and the 369ai.Biz logo. Below the header, the date 'Wednesday, June 17, 2026' and a live clock showing '2:49:48 PM' are visible. The form has two tabs: 'New Request' (active) and 'My Requests'. Under the 'Leave Type *' section, there are six chips: 'Sick Leave', 'Casual Leave' (highlighted in orange), 'Annual Leave', 'Personal Leave', 'Emergency Leave', and 'Other'. Below this, the 'From Date *' is set to 'Jun 17, 2026'. There is a checkbox for 'Half Day Leave' with the note 'Apply for 0.5 day leave'. The 'To Date (optional)' section shows a dropdown for 'Single day leave' and a highlighted '1 day' option. The 'Reason *' field is a text input with the placeholder 'Enter the reason for your leave...'. At the bottom is a grey 'Submit Request' button with a right-pointing arrow.

Step 5 Pick your dates

Tap **From Date** and choose the start day from the calendar, then tap **OK**. If your leave is more than one day, tap **To Date** and choose the end day. Leave **To Date** empty for a single-day leave. The orange **N day(s)** badge updates automatically to show how many days you are requesting.

For a half-day leave, switch on Half Day Leave instead of picking a To Date — it counts as 0.5 day.

Step 6 Enter a reason

In the **Reason** box, type a short explanation for your leave (for example, “Going for hometown”). A reason is required before you can submit.

The screenshot displays the 'Leave Request' form on a mobile device. The form includes the following fields and options:

- Leave Type ***: Options include Sick Leave, Casual Leave (selected), Annual Leave, Personal Leave, Emergency Leave, and Other.
- From Date ***: Set to Jun 18, 2026.
- Half Day Leave**: A checkbox option to 'Apply for 0.5 day leave'.
- To Date (optional)**: Set to Jun 19, 2026, with a calculated duration of 2 day(s).
- Reason ***: The text input field is active, showing a keyboard with suggestions for 'hometown', 'hometowns', and 'homework'. The word 'hometown' is currently entered.

Step 7 Review and Submit

Once a type, the dates, and a reason are filled in, the **Submit Request** button turns orange. Tap it. A confirmation dialog shows a summary — **Type, From, To, and Reason**. Check the details and tap **SUBMIT** to send it to your manager, or **CANCEL** to go back and edit.

The screenshot shows the 'Leave Request' form on the 369ai.Biz app. At the top, it says 'Wednesday, June 17, 2026' and '2:50:08 PM LIVE TIME'. Below this are two tabs: 'New Request' (selected) and 'My Requests'. The 'Leave Type' section has four options: 'Sick Leave', 'Casual Leave' (selected), 'Annual Leave', and 'Other'. The 'From Date' is set to 'Jun 18, 2026'. There is a checkbox for 'Half Day Leave' with the note 'Apply for 0.5 day leave'. The 'To Date (optional)' is set to 'Jun 19, 2026', and a duration of '2 day(s)' is indicated. The 'Reason' field contains the text 'Going for hometown'. At the bottom, there is an orange button labeled 'Submit Request'.

The screenshot shows a confirmation dialog box on the 369ai.Biz app. It displays the following information: 'Type: Casual Leave', 'From: Jun 18, 2026', 'To: Jun 19, 2026', and 'Reason: Going for hometown'. At the bottom of the dialog are two buttons: 'SUBMIT' and 'CANCEL'. The background of the app is dimmed.

PART 3 Tracking Your Requests

Step 8 My Requests

Tap the **My Requests** tab to see all the leave you have applied for. Each card shows the leave type, the dates and number of days, your reason, and a **status badge** — **Pending** (awaiting your manager), **Approved**, or **Rejected**. Approved cards also show who approved them (e.g. “By: Administrator”). While a request is still Pending you can tap **Cancel Request** to withdraw it.

Understanding Leave Types

Pick the type that best matches your reason for taking leave:

Leave Type	When to use it
Sick Leave	You are unwell or need to recover, or for a medical appointment.
Casual Leave	Short, everyday personal time off — errands, family matters, a day out.
Annual Leave	Planned holiday or vacation taken from your yearly leave allowance.
Personal Leave	Personal commitments that don't fit the other categories.
Emergency Leave	Sudden, unplanned situations that need you to be away urgently.
Other	Anything that doesn't match the types above — explain it in the reason.

Paid vs Unpaid Leave

Your company grants a set number of **paid leave days** per year (and a limit per month). Leave within that allowance is **paid**. Once you have used up the allowance, extra days are **unpaid** and may carry a salary deduction. A **half day** counts as 0.5 day.

The exact number of paid days and how unpaid days are deducted are set by HR. Your approved request and any deduction are calculated automatically from that policy.

Request Status & Cancelling

Status	What it means
Pending	Submitted and waiting for your manager to approve or reject. You can still Cancel Request.
Approved	Your manager approved the leave. The card shows who approved it (e.g. By: Administrator).
Rejected	Your manager did not approve this request. You can submit a new one if needed.
Cancelled	You withdrew the request before it was actioned.
